

**TEAM 2010**

**Mayor Derek Corrigan**

**CITY OF BURNABY  
OFFICE OF THE MAYOR**

**“Congratulations & Best Wishes to the Nikkei Hockey Team 2010 on their trip to Japan. May your visit promote friendship and sportsmanship between our two nations – especially in our sister city of Kushiro”.**

# Nikkei Hockey

The journey began in the summer of 2000 when a young team of Japanese-Canadian hockey players travelled to Japan at the invitation of the Japanese Ice Hockey Federation (JIHF) to compete in an International tournament in the City of Kushiro.

To date, five teams have made this amazing trip to the northern island of Hokkaido. The hockey has been exciting, the sightseeing spectacular, and the experience memorable. Each trip has provided the opportunity for a Canadian-born player to compete at an international level, to be introduced to the Japanese side of his identity, and to play a role in strengthening bonds within the Japanese-Canadian community.

The bi-annual trips have grown in popularity and what originally started as a Lower Mainland venture has blossomed into a national program attracting quality players from across Canada. The Nikkei Hockey program has also grown. By working with local governments and school districts games are now against Hokkaido's top high school teams, players participate in joint activities with Japanese students, and the team is able to enjoy the hospitality of the community.

This year the team will begin the journey by taking on the sights of Tokyo for several days before riding one of the famous Japanese Bullet trains north to the city of Hachinohe. In Hachinohe, the boys will stay at a traditional Japanese onsen, get to do some more sightseeing and after playing two games cross over to the northern island of Hokkaido and the port city of Tomakomai. From Tomakomai, the team will bus to the city of Kushiro where they will be kept busy meeting with the Mayor, playing five games of hockey, visiting two high schools, participating in several arranged outings, and taking part in the City's annual Obon parade and festival.

On behalf of the entire team, I would like to take this opportunity to convey our utmost appreciation to the parents that worked so hard and diligently to make the trip come together.

Thanks also go out to the countless individuals, families, and businesses that contributed in our fundraising activities. It is because of your generosity that these boys will be able to experience the trip of a lifetime.

Thanks once again,

## Larry Hayes

I would like to begin by thanking the many people that have so graciously supported the Nikkei Hockey 2010 team. It is indeed my honour to serve as the head coach for this team.

This is truly an unbelievable opportunity for these boys to be able to participate in an exchange of Canadian and Japanese cultures through the sport of ice hockey. I hope that each player takes the time to truly appreciate this experience. Not just for the hockey they are about to play, but for their own personal growth on this journey.

**HITOMI NAKAJIMA**  
**[HEAD COACH]**

As the sister city to Burnaby, the host city of Kushiro opened its doors to the team in 2008 providing an unforgettable time for the players and families that made the trip. This year will be no different as the City has already started by providing a new hockey venue, increasing the number of school visits, and arranging for the players to participate in a traditional Japanese festival.

It is my hope that the Nikkei Hockey experience will create a lasting memory and over time these players will have the opportunity to return to Japan, perhaps accompanying their own child's team.

Congratulations to all the players who made the team. I hope you enjoy your time in Japan.

Once again, thank you to everyone for all you have done to make this trip possible.

Yours sincerely,

**HITOMI NAKAJIMA**
